SHAREHOLDING PATTERN MARCH 24

TECHNICAL ANALYSIS

The price is currently trading above the moving average indicators, indicating a bullish trend. The candlestick pattern demonstrates a series of higher highs and higher lows, which is a signal for potential upward momentum. The trading volume has increased in the last few sessions, supporting the price rise. The stock has

crossed the previous resistance level around ₹641, turning it into a new support level. The presence of the Supertrend indicator in the buy zone further confirms the bullish sentiment.
