

HDFC LIFE

6 AUGUST 2024

About company

HDFC Life Insurance Company Limited, commonly known as HDFC Life, is a leading life insurance provider in India, established in 2000 as a joint venture between HDFC Ltd. and Standard Life Aberdeen. The company offers a diverse range of insurance products, including term insurance, health insurance, pension plans, and savings and investment plans, tailored to meet the varying needs of individuals. HDFC Life has a strong presence across India, with a robust distribution network comprising agents, partnerships with banks, and digital channels. It is renowned for its innovative products and customer-centric services, focusing on providing financial security and long-term wealth creation for its policyholders. The company is publicly listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE).

3 YEARS PROFIT GROWTH	5%

Our recommendation

OPTIONS INSIGHT: BUY HDFC LIFE 700 PUT BETWEEN 15-15.5 TARGETS 22-29 STOP LOSS BELOW 11.3710:32 AM

Technical analysis

HDFC Life opened higher but rejected at higher levels in the very first candle on 30 min chart. It was restricted by a Super Trend Indicator of higher settings and also fell below 34 EMA on 30 min. chart. The candles are making lower lows and lower highs indicates a bearish trend ahead. Overall the Financial Service sector is underperforming today and Nifty Financial Services Index was the top loser. So we recommended a Buy Call in HDFC Life 700 Put option.
