Technical analysis

This chart represents the hourly performance of Piramal Enterprises Ltd. The price is trading above the 20-period Exponential Moving Average (EMA) and the Super trend indicator, suggesting a bullish sentiment. The recent breakout above ₹1,120 is backed by higher volumes, which indicates potential continuation of the uptrend. Looking at the fundamentals quarterly sales increased to 2288Cr in comparison to 2123Cr in previous quarter. So on the basis of above analysis, we recommended to buy PEL.
