Our recommendation

OPTIONS INSIGHT-BUY BANKNIFTY 52300 PUT ABOVE 260 TARGET 320/380 STOPLOSS BELOW 200

Technical analysis

The Nifty Bank Index open higher but fell down quickly. A lot of uncertainty in the market as it is trading in a consolidation phase. The prices are unable to cross above previous resistance area of 52300 level. The price is trading below its 20 EMA level, and Supertrend indicator is flipped onto bearish trend. Thus, by taking these measures, we recommended buying BANK NIFTY 52300 Put Option.
