AXIS BANK LTD	3.02%

Our recommendation

OPTIONS INSIGHT: BUY NIFTY 24750 PUT ABOVE 210 TGT 250/290 SL BELOW 160

Technical analysis

Nifty Index prices opened flat and started falling down after facing resistance near 24680 level. The market has been very sluggish these past couple of days. On technical front, the prices are trading below its 20 EMA level, indicating further downside move. Supertrend indicator is showing bearish trend as red zone is active in it (as shown in image below). Thus, we recommend NIFTY 24750 PUT options.
