### **Our recommendation**

**OPTIONS INSIGHT-BUY INDUSINDBK 960 PUT ABOVE 36 TARGET 43/50 STOPLOSS BELOE 30**

### **Technical analysis**

Indusind Bank Ltd share prices opened lower and remained under pressure. The price is trading below its 20 EMA level 971, indicating a potential of a further downside move. Supertrend indicator is showing bearish trend as red zone is active in it (as shown in image below). The prices are expected to reach 940-930 levels as it is likely to go down further, and on the upside 965 can acts as the resistance level. Thus, we recommend INDUSINDBK JAN 960 PUT option.
