Technical analysis

Narayana Hrudayalaya Ltd Share prices are trading positive since yesterday as it broke out from consolidation phase. Volumes are increasing along with the upward movement in the stock, which indicate some strength in this rally. The breakout comes after a short-term period of consolidation, which can be seen in image below marked under a rectangle draw. The bullish view is backed by couple of indicators, such as the prices are trading above its 20 EMA level; the volumes are increasing along with the prices which can indicate strength in this bullish move. Thus, we recommend buying NH share.
