Technical analysis

Ultratech Cement Ltd share prices flipped into bullish trend after remaining in a consolidation phase for short period of time. The prices crossed previous two trading session' high with good volumes. On technical front, the prices are trading above its 20 EMA level indicating a bullish momentum. Supertrend indicator is showing bullish trend as green zone is active in it (as shown in image below). The prices are expected to move 1-1.5% on the upside while on the downside 11350 can act as the support level. Thus on the basis of above analysis, we recommend ULTRACEMCO FEB 11600 CALL option.
