Technical analysis

Kalyan Jewellers India Ltd share prices flipped into bullish trend today after it opened at big gap up due to the effect from its quarterly results. On technical front, the prices are trading above its 20 EMA level indicating a bullish momentum. Supertrend indicator is showing bullish trend as green zone is active in it (as shown in image below). The prices are expected to rise 1-1.5% more from current level as the sentiments are positive at the moment. On the lower side 460 can act as the support level. Thus on the basis of above analysis, we recommend KALYANKJIL 500 CALL option.
