Technical analysis

HSG & Urban development Corporation Ltd share prices open gap down as it continue its bearish trend from yesterday's session. The prices continuously making lower low formation with good volumes, indicating strength in its bearish run. On technical front, the prices are trading below its 9 EMA level indicating a bearish momentum. Supertrend indicator is showing bearish trend as res zone is active in it (as shown in image below). The prices are expected to fall 2-3% more from current level as the sentiments are negative at the moment. On the higher side 215 can act as the resistance level. Thus on the basis of above analysis, we recommend HUDCO 205 PUT option.
