Technical analysis

Apollo Tyres Ltd share prices flipped into bullish trend after remaining in a bearish phase in for short period of time. It opened flat with positive bias. On technical front, the prices are trading above its 20 EMA level indicating a bullish momentum. Supertrend indicator is showing bullish trend as green zone is active in it (as shown in image below). The prices are expected reach 430-432 level on the upside, while on the downside 420 can act as the support level. Thus on the basis of above analysis, we recommend APOLLOTYRE 440 CALL option.
